IMPORTANT TO FARMERS.

dec. Now, therefore in order that the public may be more fully awrae of the true merits of the various Mills than they can be by a five minures trial at a State or County Fair (as was the case at Indianapolis last full) before a committee of strangers, perhaps interested in one or the other of the Mills, as is often the case, we offer the following challenge to all interested, viz:

We will place our Mill in the hands of a Committee of five disinterested judges, to be selected by Gov. Jos. A. Wright, of Indiana, from the five States of Indiana, Ohio, Kentucky, Missouri and Illinois which committee shall require each Mill to be subjected to the same testic, which shall be thorough and continuous if necessary from day to day, until the entire merits and demerits of each Mill shall be determined.

The order of proceeding to be decided by the judges, the Mills to be used shall be without extra preparation, such as fileing, vitroling or scouring, and of the two horse size, and the decision to be based upon the whole character and performance of the tweveral mills. The trial to be on the vacant lot East of the Indiana State Capitol, Indianapolis, Feb. 3rd, 1857.

TO CONSUMERS OF

PICKLES. DELIEVING that the public have become tired of purchasing Pickles in packages, holding in many cases, fifty per cent. less than represented, we have commenced putting up, in addition to our second size int, an article which we are labelling, "Wm. Underwood & Co's Extra Pickles." and are filling into full sized jars, which are legibly stamped in the glass, with their exact contents in ounces—thus enabling the consumer to verify their truth.

These Extra Pickles are put up with every regard to style, quality and flaver and will be sold at fairly remuerating prices.

We have made no change in our manner of Greening Pickles, never having resorted to any deleterious means to attain this end. The Cider Vinegar which we use is made from sound fruit, and is as entirely free from Vitrol or any other mineral acid, which is not the case with that used in most brands of English Pickles found in this country.

It is a Cast Iron Kettle, with Flangs at the top and bottom, to facilitate the Setting of it in accommon Brick Furnace. It has a cover with a fang to match the upper fiang of the Kettle. A lew bolts fasten the cover and Kettle-together, thus forming a Steam Boller, containing about 30 Gallons of water, with steam chamber above. The cover can easily be removed when the operator wishes to use the Kettle ha a caultor, and as readily replaced when he wishes to use it as a steam boiler. It is furnished with flexible pipes, of Volcauized India Rubber, which may be alifted about at pleasure, to convey the steam-intotube, Barrels, Vats, or steam boxes, or whetever the operator wishes to cook or steam in. Where these pipes connect with the boller, there is a slide Valve, with a simple lever to move it, by which the isleam can be changed from one pipe to the other, or made to simply both pipes at once. The valve's so arranged that the steam cannobe shut off from both pipes at once, thus avoiding the possibility of an explosion. what would be the effect of the bill in its original shape? It would make every man an offender in the country who had birdsorgame of any kind in his possession. He opposed the appropriation of one-half or any part of the fine to the informer. That was clearly unconstitutional. All fines go to the school fund, and could not, by law, be diverted therefrom. The sections changing the rule of evidence were wrong—wrong in principle—contrary to the common law, and should not be adopted. The simple fact of a man's being in possession of an animal was enough to accuse him.—
But the most serious phase in the ball was the bill was the proposition of the strong through the standard proposition. SOMETHING EVERYBODY SHOULD KNOW .- We take ivertisements which have been placed in our columns this week, by Dr. Easterly, of St. Louis. His medicines are becoming very popular all over the Western States, and can now be found in every respectable Drug and Apothecary Store. He has taken great pains in preparing and perfecting them to combat the diseases of the West, Dr. Easterly is a scientific Chemist, and Parmaceutist, and has been engaged fourteen years in the preparing and selling of his preparations. They are tried remedies, and the public can rely upon them as safe and efficacious. They are rapidly taking the place of all the olladvertised medicines, from the fact they are considered more efficacious and better suited to the diseases of this climate. The articles advertised in our solumns are Dr. Easterly's fedine and Sarsaparilla; Carter's Cough Balsam ; Dr. Easterly's Pever and Ague Killer; Dr. Baker's Specific and Dr. Hooper's Female Cordial, to which we invite special attention They are for sale by TOMLINSON & COX, agents for
